## Power and Charge
1. To power up the device, gently press and hold the power button located in the top right corner (screen turned face up).
2. To unlock the device, press the home button.
3. To charge, use the power adapter and inset in the bottom of the device between the speakers.

## Connect to a Wi-Fi network
1. From the Home screen, go to Settings > Wi-Fi.
2. Turn on Wi-Fi. The device will automatically search for available Wi-Fi networks.
3. Tap the name of the Wi-Fi network that you want to join. Before you can join the network, you might be asked to enter the network's password or agree to terms and conditions.

After you join the network, you'll see a blue checkmark next to the network and the connected Wi-Fi icon in the upper corner of your display. If you don't know the password to the Wi-Fi network, contact your network administrator.

## Sending an item using AirDrop
To use AirDrop you must turn on Wi-Fi and Bluetooth.

To turn on AirDrop:
1. From the Home screen, navigate to Settings > General.
2. Tap AirDrop.
3. Select an AirDrop setting:
   - Receiving Off: AirDrop is turned off.
   - Contacts Only: AirDrop is discoverable only by people in contacts.
   - Everyone: AirDrop is discoverable by everyone.

To send an item:
1. Open the item (ex: image) then tap Share or the Share button.
2. Tap the AirDrop button.
3. Tap the profile picture of a nearby AirDrop user that will receive the item.

**Note:** The recipient also has to have Wi-Fi and Bluetooth turned on. Their AirDrop setting should be set to be discoverable by Everyone.
